Portugal's Casino da Madeira Chooses JCM Global's iVIZION® Bill Validator

DÜSSELDORF, Germany (6 February 2018) – After a successful four-month, onsite test, Casino da Madeira has chosen JCM Global's award-winning [iVIZION® bill validator](#) for all new slot purchases and has named JCM its new preferred supplier.

Casino da Madeira Director Carlos Campos said, "We have been using another bill validator on our floor for some time, and after the live four-month test with iVIZION, we became convinced we needed to move to iVIZION for all future slot installations. It is a very impressive piece of technology."

JCM EMEA General Manager Payam Zadeh said, "We are thrilled that Casino da Madeira recognized what countless casinos worldwide know: that iVIZION is the better, smarter, faster bill validator. Plus, because iVIZION is the foundation of intelligent validation, Casino da Madeira can expect iVIZION to stay fresh into the future."

JCM's iVIZION® is field-proven worldwide with more than 250,000 units shipped to date. Its CIS technology scans the entire note or ticket, reading more than 9.5 million data points on every note, more than twice that of the nearest competitor for the ultimate in security. iVIZION also features optical note image centering and has a powerful combination of optical and mechanical anti-stringing technology. It has two high-speed processors, is self-calibrating and has an 85mm wide, sealed bill path.
